Screenprinting & Riso Assignment - Final

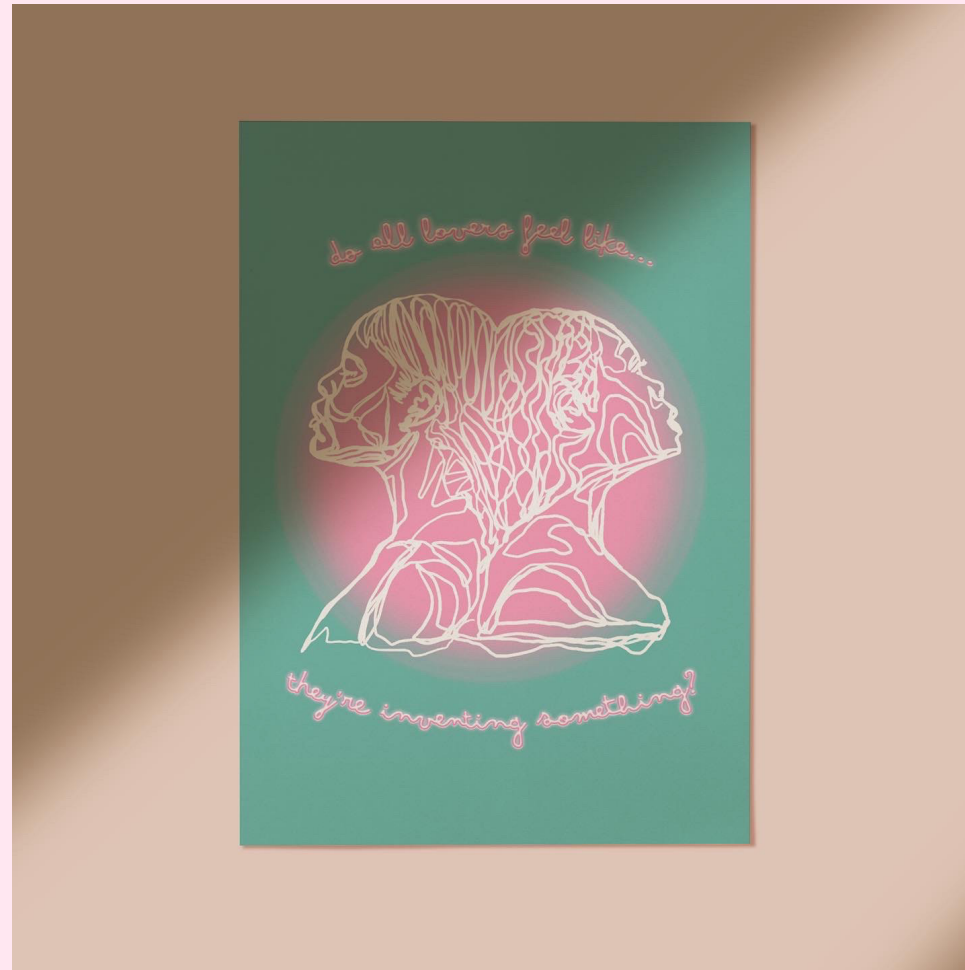

For this assignment, we had to use numerous techniques to create a poster. I risoprinted the ghost design, and screen printed the text over the top.

World Poster - Final

The brief for this project was to find a font from a certain country on Google Maps, and create a love letter in poster form. I chose France, where I utilised a font titled 'Bimbo Whiteboard' from the shop 'Du Pareil...au meme.' I was inspired by French New Wave posters, and the romantic period film 'Portrait of a Lady on Fire' which the quote I used, 'do all lovers feel like they're inventing something?' is from.
